Re: MB Docket No. 04-233

Dear Sir or Madam,

I am writing in support of K-LOVE radio, which is broadcast on 100.9 FM in my area. This radio station has been a source of personal support for me. I work in a job where I occasionally deal with hostile subjects. The music played by K-LOVE helps give me confidence as I drive to work.

I believe that K-LOVE may help the community in the following ways:

1. It may reduce the number of traffic accidents by lowering drivers' stress levels and promoting more Christian responses on the roadway.
2. It may increase national security by offering the world an alternative view of what Americans are. (Many secular radio stations give the world the impression that Americans are flippant or immoral people.)
3. It probably has prevented some people from committing suicide or needlessly divorcing.

I do believe that K-LOVE should not become involved in partisan politics. But, we live in a country where people are free to present their own views.

As Americans citizens struggle to survive, K-LOVE can help strengthen people and build their faith. Again, I earnestly request the FCC to leave FM stations on the air.

Respectfully,

Laura Darian

Re: K-LOVE 94.3 FM Radio Station,

To whom it may concern,

I am writing this letter about a radio station I love. This radio station is a great interest to the community because it provides encouragement, great christian music and a safe environment for kids, because we do not worry about what is going to be talked about.

Without K-love on the air it would limit Christian music on the radio, not encourage its listeners as they go through living their lives, and people who need to learn about the good news about Jesus wouldn't have the opportunity to get to know a loving God who cares about us and wants to know us personally!

K-Love does all these things. It's like a lighthouse for living life.

K-Love encourages others and promotes good will, caring and to be compassionate to others. With the world we live in we cannot afford to lose such a quality →

radio program. I urge ^{you} to reconsider
your decision, please do not take such
a flourishing radio program that is
loved & enjoyed by its listeners. This
radio station is completely funded
by its listeners and God provides
this money month by month.

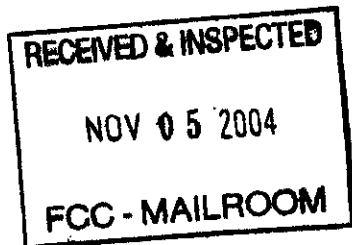

Please consider adding another
station versus taking a good one
that has alot of pluses for me,
family and other families within
our community.

Thank you for taking the time to
hear my opinion.

Sincerely,

Scott, Barbara + Hannah Laing

Dear Sirs:

I enjoy listening to K-LOVE radio at 91.1 on my FM dial in Denver, Colorado. It is a station my family enjoys. I listen to it daily as it is encouraging and uplifting. I believe this station serves my community with the message that is both relevant and full of hope. I find out about many ways I can give back to my community from the K-LOVE station. Please don't allow an LPFM station to override my station. Thank you,
